

**CITY OF PLACENTIA
CITY TREASURER**

GREG SOWARDS

AGE: 55

OCCUPATION: Sales Manager

As a long time resident of Placentia, I am proud to say that I am watching my children grow up in "A Pleasant Place." However, our "Pleasant Place" has been thrust into a major financial crisis.

Growth in our city is imperative, but not at the expense of public safety, city programs or public works projects. Council must curb spending and concentrate on the will of the people, after all, "The People are the City." I believe in responsible growth, including redevelopment with citizen input, and encouraging businesses to make Placentia their home.

With over 25 years experience in volunteer work, including the Boys & Girls Club movement and St. Jude Memorial Foundation, I believe that my qualifications would allow me to serve our community in a most positive way. At this time, critical citizen oversight is crucial. My qualifications as a successful businessman would help alleviate the major issues surrounding our current financial instability. The need for citizen oversight has never been more important.

I am endorsed by the Placentia Police Officers Association.
